Mock Recall scenario considered was misregistration on the product name.
Ms. Kapila Barad (Manager - QA) had Telephonic conversation with Sales coordinator - Ms. Nikki, regarding the status of the products (Consumed & in Stocks)

Response from Customer

Ms. Kapila Barad (Manager - QA) had Telephonic conversation with Sales coordinator - Ms. Nikki, regarding the status of the products (Consumed & in Stocks) on 10.01.2025 at 2.09 PM to know the status of the stock availability. It was further communicated that, there might be an possibility of misregistration on the product name in some of the Labels at customer end. Sales coordinator - Mss. Nikki talked to customer & customer informed that, there are no issues in the production run of the labels. Internal traceability was carried out, which was completed around 3.11 PM (1.02 hours). It was further informed to customer that there were actually no quality issues of misregistration on the product name & it was carried out as part of Mock recall exercise.
